Trash service by County Waste Service will begin the week of April 18, 2024.

Container delivery for CWS service will begin the week of April 1, 2024. Your container will have a sticker with your pickup day.

Pickup service by CWS will not start until after April 18, 2024. Please continue using your existing containers until CWS pickup service begins.

Get it to the curb, we'll take it from there.

The City of Comanche will be changing refuse service providers. What does this mean to our customers?

* New poly carts and dumpsters will begin to be delivered April 1st. A sticker with your pick up day will be on the container. They are attempting to keep everyone's pick up days the same, but there could be day changes for some addresses.

* Please continue to use your old Waste Connection's poly/dumpster until they are picked up.

* County Waste Services (CWS) will be providing a pick up map soon, it will be posted as soon as the City receives it.

* Service will begin April 18th from the new company, County Waste Services (CWS).

* The last day for curbside bulk pickup will be April 4th. However, CWS and the City are working together to have a centralized location for large items to be dropped off. More details to come regarding the location and logistics for the drop off!

* Please ensure your poly cart is by the curb the night before, CWS begins their routes before 5 am.

* All pricing will remain the same.

* CWS uses a tracking system to ensure all poly carts are at the correct address. Your poly will have its own unique ID. This will reduce theft and help facilitate swap outs.

* Currently handicap stickers are on Waste Connections carts if you have filled out paperwork at City Hall. CWS will not be using stickers, it will be linked to the unique ID of your poly cart. Please be advised all current handicap poly carts will continue to be picked up as normal and considered VIP customers.
